Dear Customers, Friends, and Community:

Just like you we are closely monitoring the news of COVID-19. We understand the concerns of others regarding its spread and impact on our nation. We feel it is important for us to do our part and to communicate to you how we are keeping our team members and customers safe.

We are adopting and following the recommended practices from the Center for Disease Control. We are also trying to physically distance ourselves to help stop the spread of this disease. With this in mind, we are asking all our customers, vendors, and friends to try to communicate with us electronically until this is over. We would also like to limit the number of people in our office in an effort to help stop the spread of the disease and protect our team members. We look forward to continuing our service to you. Please stay healthy and follow the CDC recommendations. Together we can all get through the COVID-19.

All questions or service needs can be emailed, faxed or called in to our office. Correspondence info is listed below:
